Rules:

- Your edible vehicle has to be in 3-D form. Why, because flat things are BORING, but otherwise everything is up to your own creativity.
- MATERIALS: Everything you use to create your vehicle must be edible and non-perishable. We really don't want the museum to start smelling funky. If you choose to create the scenery for your vehicle, non-edible materials like mini figures or trees are acceptable.
- SIZING: Your vehicle and display must fit within an 11 by 17-inch area. It should be no taller than 17 inches. Let's not get crazy here!
